Kawasaki Kisen Kaisha, Ltd.

LPG vessel “GENESIS RIVER” Collision in Houston U.S.A.

Kawasaki Kisen Kaisha, Ltd. (“K” Line) reports that the “GENESIS RIVER” chartered by “K” Line was involved in a collision with a tug and barge unit off Houston U.S.A at around 15:00 on May/10(local time).

It is confirmed that all crew members are safe and no cargo onboard the vessel is damaged, while the damage on the hull is noted.

It is also confirmed that all crew of collided tug and barge are safe, but the barge unit was damaged and a part of cargo (oil product) was leaked into the sea.

The incident is under investigation and “K” Line is working closely with the appropriate authorities.
